FINISH WITH THE BEST.

When your exterior finishing needs to look as good as the interior, there is no better option than Cowichan Gold. Cowichan Gold is cut from the finest grained west coast western red cedar logs. This method allows us to give you the most durable and consistent cut of wood available, making Cowichan Gold an ideal choice for siding, panelling and decking.

When you want the best finishing product available, choose Cowichan Gold Western Red Cedar, produced at our own remanufacturing plant. From start to finish, our products consistently deliver the quality that you demand.

FINISHING TIPS

- Use hot-dipped galvanized aluminium or stainless steel nails
- Fill all nail holes with a good quality wood putty
- Exterior finishes perform best when the coating is applied to all surfaces
- Transparent, non-flexible, film forming finishes (i.e. lacquer, shellac, urethane and varnish) are not recommended

FINISH WITH THE BEST.

COWICHAN GOLD

Cowichan Gold finish is generally used in exterior applications such as fascia, trim, corner boards, skirting and for detail around windows and doors. This high quality product is available in a variety of sizes.
