

QuietGlue® Pro

The Highest Performing, Lowest Cost Soundproofing Glue for DIY

QuietGlue Pro is the highest performing, lowest cost soundproofing compound on the market, designed to be very cost effective for do-it-yourself projects. QuietGlue Pro damping compound is fast, easy to use, and it works. Independent lab tests prove that just one layer of QuietGlue Pro between two layers of drywall dissipates more noise than other leading brands.

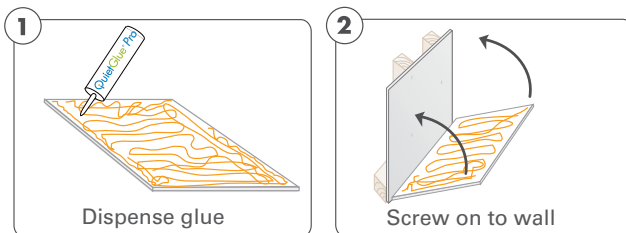

QuietGlue Pro Benefits

- Proven highest noise-reducing performance compared to other noiseproofing compounds
- Easy to use
- Ideal for use with virtually any kind of wood or drywall
- Does not require special training
- Low VOC, water-based compound, solvent-free
- Lab tested in accordance with ASTM D3273 and E90
