

**NuCedar Mills**  
finely crafted exteriors

# Classic R&R Shingles™

Each NuCedar resquared and rebuted shingle is distinctively unique, allowing installers to replicate the quilt-like effect that until now could only be achieved with cedar shingles.

## Features:

- Individual shingles are available in 13" and 18" lengths
- Shingle panels also available to speed up installation (5" and 7" exposures)
- Individual shingles are packaged in 6 assorted widths
- Each shingle is unique due to the RoughSawn™ texture
- Install shingles and shingle panels with Standard Trim/Corners, Cape Cod Corners or traditional Boston Weave
- Exceptionally low maintenance
- Impervious to moisture and insects
- Pre-finished with Polane® solar-reflective coating from Sherwin Williams™, in 24 standard colors or 1,400+ custom colors
- Lifetime Limited Warranty on substrate and finish

48" Shingle Panel for easy installation

## The Look That Lasts

NuCedar Mills' exterior cladding products accurately replicate the past's aesthetics, while delivering the future's durability. Milled from cellular PVC, the same material that has become highly popular in exterior trim, NuCedar offers a complete line of products including: Classic R&R Shingles™, Board and Batten, Channel Rustic, Shiplap, Trim, Mouldings, Classic Clapboard® and Classic Beaded Weatherboard™.

## A World of Colors

Having your home the color you want is easier than ever. NuCedar siding and trim products are pre-finished with Polane® polyurethane from Sherwin Williams®. This coating bonds to the cellular PVC substrate and offers solar-reflective qualities, which may reduce cooling costs. This process provides the most durable finish on the market, ensuring your home will look great for years to come.

## The Better Warranty

NuCedar's Lifetime Limited Warranty is one of the best in the business. The Material Warranty protects against rotting, delamination and damage caused by hail or insects, while the Finish Warranty covers against chipping, peeling or cracking. For the ultimate peace of mind, both the Material and Finish Warranties last for as long as you own your home and include labor replacement for the first full year of ownership\*.
